STREETER'S SERVICE GARAGE

THE most rece" 'rend of automobile design is strikingly exemplified in the Bigger and Better' Chevrolet. The high, narrow radiator the long, low bodies the unbroken sweep of the lines from finant to rear the stylish blending of colors in finish and upholstery these distinguish Chevrolet as unmistaksably new and fashionable.

In power, in sneed and snap, the 'Bigger and Better' Chevrolet is no less modern and wopcrous. Counteless refinements in engine and chassis give Chevrolet a Performance as dependable as it is brilliant.

# CHRYSLER'52

# More than ever the greatest value in the low priced field

Nothing brings out so plainly the su-preme value of Chrysler "52" as trying to match its performance and comfort features in any other car priced under

Designed by the same brilliant engineers that produced the "62," "72" and Imperial "80," it is a typical Chrysler with all the inimitable speedability and roadability that have made Chrysler world-famous.

Real performance with utmost smoothness at all speeds.

Pick-up and power that thrill you on the open road.

Exceptionally easy to handle-and exceptionally easy riding.

Full-sized bodies of finest construction— with ample room for adult passengers—with Chrysler smartness of line and color and finish.

In addition, the positive safety of self-equalizing hydraulic four-wheel brakes, at slight extra cost—available in no other car of this price.

Come and try to match the Chrysler "52." Ride in it. Drive it—and you'll understand why, at its new low prices, public preference acclaims it at more than ever the greatest value in the low-priced field.

#### When the First Division Sailed

MEANWILLE Colond Sam Hughes' energy of continued to prt things done in spate; opgosition, one in the colond spate; opgosition, one in the colond spate; of the colond spate in the colond spate; one in the colond spate

On a night of pouring rain about the last week in September, 1914, the first division of Canada's army commenced the first murch to the port of embarkation at Quebec.

erean and headed for England. It sulled in threecomms, thirty-three occan tiners in all, crowded with troops, each column headed and brought up

in the destination of this immense armada was quite sufficent to set abroad rumors that some thine had happened to render it damerous it takes the greated sortier up the English Channe than Plymouth. Such was the case. The Ger man submarines had commenced to show their

On the afternoon of the day of our arrival at Plymouth, the first commenced to unload its troops and we were told that the whole force would murch to Salisbury Plain. First transport to unload was the etcamer Saxonal, loaded with artillery, and a most unfortunate ophsode marked the arrival of the first Canadidan troops bringing

As the transport ducked, restrict office arrived in horse with written order that od a mine, and on horse with written order that od a mine, and on horse with the second of an officer was to be posted of the manyway and the ship until order, were received. Shortly after the transport was decked a maximum of the ship until orders were received. Shortly after the transport was decked a maximum of the second horse decked a maximum of the second horse of the second hors

The expanin quite proceedy conveyed the order to the Canadian offerer commanding the tropost on board, who was notly too santons to have the horses gurs, and men deterable before derivate the most officer than the was only too trady to carry out the surface, but that the had contrary orders in writing from what appeared to be the source utilizing officer at the part. The majority orders in writing from what appeared to be the source utilizing officer at the part. The majority orders are considered to the appear of the majority which is "openedic manner" in military rank, and in which the striving troops were only and commenced to broakest the Canadian, making some observations to the effect that these halfstanisad tropps did not how their duty, which drew the retort that they have exceed to a surface of a given would have the ship until the order or a gun would have the ship until the order was reacheded in writing by the officer which issued to. In the consideration of the conside

#### A Queer Welcome to England

A Queer Welcome to England

Ome a force of sathers would be rent on board the Saxonia to force the guard on the Langway and proceed with the unloading of the sain. In this course of half an hour the adjustant returned with a curt messing, again in writing, instanct lang the Committee of the Course of the Cour

By this line an armed party of about two hundred anliaron had been drawn up on the dock, and as it would never do to allow a guard to be forced, the guard on the kangway was doubtled and the officer in charge instructed that no armed parties were to be allowed to come on board without the orders of the commanding officer.

This was a nice state of affire to much the train of the first Camadian roungs whose only revised of the first Camadian roungs whose only great, war. The next light control of the first for a party of junior anxiol officer to take charge of the leading start, Whether he was griding to the Camadians is not known, but the streatfor the Camadians is not known, but the streatfor for a test of the second of the streatform of the shades from the cripted issuing authority, who, seaser from the original issuing authority, who, seaser this, never put in an appearance acrept by density, never put in an appearance acrept to density nor made any explosurion or apology for

into with the sentor arm of the service.

The Canadians little imagined in the first seake of Getober, that iterry she months would happe before hey reached the seat of sar, list dependent of the control of the most interaction of the most interaction and the most interaction of the most interaction of the most interaction of the most interaction of the same information as to have the war was progress most information as to have the war was progress in the same in the s

The more the Canadians heard, the more they scalled that the public and press of England were doing their utmost to keep safft upper lip, and that behind this great curtoin of allenee some terrible trapedy was being enected, in which the safety of the empire was threatned.

find a (19, 10) of we'l, a radial for mean constant lay some and the after was invertigating day, the migrillitent boross of the artillery stood in the mind up to their lawks, until their bonds actually ratiod off. The troops themselves know that they were a we'll trainfed when they left require a half year's experience, "under conditions such as an Entillations would not sentime a deploy" me some outspoken wister wrote to a bounder page.

#### Useless Hardships of Salisbury

I scene of fighting were the PLYCLIA and No. creatily releaving action under Colonel A. T. Creatily releaving action under Colonel A. T. Shillington of Ottown. This latter left on Nov. Change of the Colonel A. T. Shillington of Ottown and the Colonel A. T. Canadian nurses show such over to assist the English unries in inhelling the wombel of the time of the first officers killed was Lapidan Iren (In Section, negleton of General Lord Dandonald, Finally fools from the war office brought toom the report that the Canadiana were comsisting of helic quarters on exhibitory Chaintion the report that the Canadiana were consisting of helic quarters on exhibitory Chaintion of the Canadiana were contained by the Canadiana and the Carlos of the control of the Canadiana and the Carlos of seasons. Corps held findingation meetings and seasons. Corps held findingation meetings and seasons of the Canadiana and the Canadiana and seasons of the Canadiana and seasons of the Canadiana and seasons.

However, sensible Canadians in London som got to the bottom of the trouble with the result that in the month of January the Canadian trops, were transferred to billets and the horses (what were left of them) to harne and sheds in the innumerable towns and villages immediately aurounding the Plain, where within a fortinistic the horses' cants were steke and the men ship

During no winter of the war did the Cana dians suffer anything like these useless hardships; in fact, their subsequent transference to good, dry barns and plenty of straw in Flanders, seemed a Hig of biasure.

seemed a life of DaMity.

The pristion of a commander for the First
Canadian Division no doubt overtaxed the exertions of the British was office and—tell it not
